Emergency Calls—Page 1
Calls to Telephone Company—Page 1

# Timely TELEPHONE SUGGESTIONS

It will help to provide better telephone service than otherwise would be possible during these days of shortages if all telephone users will observe the following good telephone practices. Will you, therefore, please—

- 1. Look up the number in the directory before you make a call.
- 2. Avoid calling "Information" unless you are not able to find the number in the directory.
- Make only urgent long distance calls, except to nearby communities, and limit conversations to five minutes on busy lines.
- Answer calls promptly wait long enough for an answer—replace the receiver gently.
- When calling over party or farm lines, avoid tying up the line with a series of calls or long conversations — be a good neighbor.
- Keep your telephone on a firm, safe support, keep the cord straight (twisting injures the wire), and keep both the instrument and cord dry.
- Take good care of this directory there is a paper shortage.

# BUSINESS TRANSACTIONS WITH THE COMPANY

Business Office—510 5th Street. Hours—8 A.M to 5 P.M. except Sundays and Holidays. At other times calls for the business office will be answered by a representative who will handle business requiring immediate attention and who will arrange for the handling of other business on the following business day.

Bills which are issued monthly cover local service charges for one month in advance from the date of the bill and long distance charges for one month preceding the date of the bill. They are due upon presentation. Payment may be made by mail or in person at the business office, or at the Coe Flower Shop, 2542 Lincoln Way.

Regulations and tariffs governing the furnishing of the various services by the telephone company are on file in the business office.

#### **GENERAL INFORMATION**

Service Can Be Suspended at a reduced rate and your number retained when you are to be away from your residence for an extended period. No charge is made to reconnect service.

Telegrams by Telephone— You may telephone telegrams, cablegrams and radiograms to the Western Union Telegraph Company and have the charges placed on your telephone bill. You may also telephone your telegrams from public coin box telephones and pay for the message as you would for a telephone call.

Telephone Directories— The telephon e company issues directories to assist it in furnishing prompt and convenient service, but it does not guarantee correct listings therein. The telephone company shall not be liable for damages arising out of errors in or omissions from its directories. As a matter of good service, the telephone company retains ownership of telephone directories.

Telephone Attachments— Attachment of auxiliary apparatus to telephone instruments generally interferes with service. Therefore, we request you to refrain from attaching any devices, not supplied by the Company, to the telephone instrument or other equipment. For the same reason, we also request that no advertising devices be attached. The telephone company reserves the right to remove all such apparatus and devices.

#### LONG DISTANCE CALLS

To Make a Station-to-Station Call—Give the "Long Distance" operator the name of the town and the telephone number or street address of the person you are calling. A station-to-station call is one on which you will talk with anyone available at the telephone called. Charges begin when the number called has been answered and are based on an initial period of three minutes, except to points for which the rate is 25 cents or less, where the initial period is five minutes. Station-to-Station calls cost less than Personto-Person calls.

To Make a Person-to-Person Call — Give the operator the town, the name of the person you want, and his telephone number or street address. Charges begin when the calling person speaks to and receives a response from the called person and are based on an initial period of three minutes.

Reduced Rates are in effect between 6 P.M. and 4:30 A.M. each week day and at all hours on Sunday, on calls for distances of about 50 miles or more. The minimum reduced rate is 35 cents for Station-to-Station calls, and in general, 50 cents for Personto-Person calls.

To Reverse the Charges notify the operator when you place the call. There is no extra cost, except on Station-to-Station calls of 20 cents or less for initial period which take a higher rate when sent collect. When placing a collect call, the operator will ask the person you are calling if he will pay the charges.

Long Distance Conference Service permits connection to your telephone line of persons in different cities so that each can talk with the others. Just call "Long Distance' and ask for the Conference Operator.

If Your Call Is Delayed, Here is Why—Long distance lines to busy war activity centers are crowded with essential war calls. More lines cant be provided now because the materials that would be required must be used to make shells, tanks, guns and planes. We will do our best for you with the equipment we have and we know that when delays occur, you will understand. Unless absolutely necessary, please do not call war busy places such as Chicago, St. Louis, Kansas City, Denver and points beyond. When you must call, please keep your conversations brief. Your cooperation will help in the war.

#### **OUR POLICY**

The policy of this organization, as a part of the Bell System is to provide at all times the best possible telephone service at the lowest rates consistent with reasonable earnings and fair treatment of employees.

JUST A MATTER OF BEING

## Neighborly...

COPPER AND OTHER MATERIALS are needed for weapons of war... and cannot be used to build more telephone lines. That's why more and more people these days have party lines. In many communities it's the only kind of service we can provide.

With so many new telephone users on party lines, we again remind you that the best service depends upon neighborly cooperation of everyone on the line.

We MAKE THIS SUGGESTION: Be A Good Telephone Neighbor—limit party line conversations to a reasonable length. Remember that BRIEF CALLS mean MORE CALLS on your party line... both for you and for others.

NORTHWESTERN BELL TELEPHONE COMPANY

## War Needs Come First

The enormous war requirements for telephone service are being met first—promptly and fully and we are making every effort to provide the general public with the best telephone service that is possible under existing conditions.

If your calls don't always get through as promptly as they used to, or if you can't get just the type of telephone service you want, we know you'll understand.

#### IOWA STATE COLLEGE

#### **Telephone Directory**

#### FROM AMES TELEPHONES CALL 2500

#### **Emergency and Special Calls**

FIRE (to report a fire) from 7:30 a.m. to 8 p.m. on Mondays, Tuesdays, Wednesdays, and Thursdays, and from 7:30 a.m. to 10 p.m. on Fridays, Saturdays, and Sundays.....Dial "O" (At all other hours dial "9" and call "Fire Department")

LONG DISTANCE—from 7:30 a. m. to 8 p. m. on Mondays, Tuesdays, Wednesdays, and Thursdays, and from 7:30 a. m. to 10 p. m. on Fridays, Saturdays, and Sundays......Dial "0"

(At all other hours dial "9" and ask for "Long Distance")

#### Use of the Dial Telephone

After obtaining the correct number from the directory, remove the receiver and listen for the dial tone. It is a steady humming sound which lets you know that the central office equipment is ready to receive your call.

#### How to Dial

Dial each figure of the number you are calling in the order shown in the telephone directory.

Take, for example, the dialing of telephone number 763. After hearing the dial tone, place the forefinger firmly in the dial opening through which the figure "7" is seen. Turn the dial around in a clockwise direction until your finger strikes the finger stop. Remove your finger and let the dial return to its normal position without forcing or retarding its movement. The remaining figures "6" and "3" may be dialed in a similar manner.

If you make a mistake while dialing, or if your finger slips from the dial before reaching the finger stop, hang up the receiver for a few seconds. Then remove it and, after hearing the dial tone, dial each figure of the number again.

#### Service Signals

Ringing Signal—This is a "burring" sound that will be heard at regular intervals which indicates that the bell of the called telephone is being rung.

Busy Signal—This is a "buzz-buzz-buzz" sound that will be heard when the line of the called telephone is in use.

Should you hear neither of these signals after dialing, dial "0" and tell the operator of the condition.

#### Calling From College Telephones

To Other College Telephones—To call another telephone connected with the college telephone system, lift the receiver and upon

hearing the dial tone, dial all three figures of the number in the order in which they appear in this section of the directory.

To Outside Telephones—To make a call to a telephone not connected with the college telephone system, lift the receiver from the hook and upon hearing the dial tone, dial the figure "9." Give the number of the telephone you wish to reach to the operator who answers.

#### Calls From Outside Telephones

To call a college telephone from telephones not connected with the college telephone system, telephones without dials, call 2500. Give the number of the college telephone you wish to reach to the college operator who will answer and handle your call. Numbers of college telephones are listed in the following pages.

#### **Night Calls**

The college switchboard is closed from 8 p. m. to 7:30 a. m. on Mondays, Tuesdays, Wednesdays and Thursdays, and from 10 p. m. to 7:30 a. m. on Fridays and Saturdays and 10 p. m. to 9 a. m. on Sundays.

During these hours see the instructions and night number list on page 11.

#### **Non-Listed Numbers**

College telephone numbers added or changes made too late to be included in this directory will be furnished by the college operator. She may be reached from college telephones by dialing "0" and from "outside" telephones by calling 2500.

#### **Directory and Service Changes**

All changes in telephone service or directory listings for college telephones should be handled through the Iowa State College Business Office.

## OUR POLI

#### For Reference

Not to be taken

from this library

The policy of this organization, as a part of the Bell System, is to provide at all times the best possible telephone service at the lowest rates consistent with reasonable earnings and fair treatment of employees.

Operating under this policy, the management of the Company has a three-fold obligation as follows:

Our obligation to the public is to provide pleasing and constantly improved and broadened service, which is as free as possible from errors, imperfections and delays, and to furnish such service at the lowest practicable charges.

Our obligation to employees is to pay wages that are in all respects fair and just; to provide safe and agreeable working conditions, and to deal fairly and considerately with each individual and group.

Our obligation to investors is to provide every reasonable safeguard for the money thousands of men and women have invested in the business and to operate the property so that it will yield a fair return.
